

CULP, INC.
P.O. BOX 2686, 1823 EASTCHESTER DRIVE
HIGH POINT, NORTH CAROLINA 27265

EMERGENCY TELEPHONE NO.: (336) 889-5161

SAFETY DATA SHEET

This document has been prepared in accordance with the Globally Harmonized System of Classification and Labelling of Chemicals (GHS).

SECTION 1 - CHEMICAL IDENTIFICATION

MANUFACTURES NAME:	CULP, INC.
TRADE NAME:	Backed and Treated Textile Fabrics
GENERIC NAME:	None
DOT PROPER SHIPPING NAME:	Textile Fabrics
CULP, INC. I.D. NUMBER:	
WARNING STATEMENT:	
ISSUED:	May 26, 2015
SUPERSEDES:	April 1, 2014

SECTION 2 – HAZARDS IDENTIFICATION

No hazards associated with this product have been identified for which signal words or pictograms are required under the GHS system.

Eye protection: Repeated or prolonged exposure may cause tearing, reddening or irritation.

Skin protection: Repeated or prolonged exposure may cause tearing, reddening of the skin.

Respiratory protection: Not required.

SECTION 2 – HAZARDS IDENTIFICATION (continued)

Ventilation protection: For persons using this product in an industrial process, general good engineering practices for ventilation should be used to maintain exposures below applicable exposure limits. Recirculation should, whenever practicable, be operated in the bypass mode to avoid concentrating air contamination in the work place. Because of variability of conditions, which may exist, evaluate of personnel exposure by a professional industrial hygienist is recommended.

Protective gloves or other protective equipment: Not normally required.

Recommended storage: Store as any other flammable material.

Fire and explosion avoidance: Store as any other flammable material.

Other precautions: None

HAZARD RATINGS

4 Extreme
3 High
2 Moderate
1 Slight
0 Insignificant
* Chronic Health Hazard

SECTION 3 – COMPOSITION / INFORMATION ON INGREDIENTS

<u>INGREDIENT</u>	<u>CAS NO.</u>	<u>PERCENTAGE</u>	<u>TWA</u>
-------------------	----------------	-------------------	------------

No constituents are regulated under Section 313.

No hazardous ingredients identified above regulatory thresholds.

SECTION 4 – FIRST AID MEASURES

This product is unlikely to cause an adverse reaction to a person contacting it in any way. However, allergic reactions are possible. In such case:

Eye contact: Holding the lids apart, flush contaminated eye(s) with gentle stream of water for 15 minutes. If irritation or redness develops or persists, seek medical attention.

Skin contact: Remove contaminated clothing and cleanse skin thoroughly with soap and water. If irritation, redness, or blistering develops or persists, seek medical attention.

Inhalation: No first aid is normally required. If unusual symptoms develop, seek medical attention.

Ingestion: No first aid is normally required.

SECTION 5 – FIRE- FIGHTING MEASURES

DOT flammability classification: Not applicable

Unusual fire and explosion hazards: No unusual hazards

Extinguishing media: Water, Carbon Dioxide, or dry chemical.

Fire Fighting procedures: Use standard procedures for textile fires, include SCBA and protective clothing.

SECTION 6 – ACCIDENTAL RELEASE MEASURES

Not Applicable - Accidental release is not possible.

SECTION 7- HANDLING AND STORAGE

Storage: No unique handling or storage requirements.

SECTION 8- EXPOSURE CONTROL AND PERSONAL PROTECTION

Eye protection: Not normally required

Skin protection: Not normally required

Respiratory protection: Not normally required

Ventilation protection: Not normally required

Protective gloves or other protective equipment: Not normally required.

Recommended storage: Not applicable

Fire and explosion avoidance: Do not store near open flames or ignition source.
Product is not explosive.

Other precautions: None

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

Appearance (physical state, color etc.): textile fabric, various colors

Odor : none

Odor threshold: Not established

pH: 6-8

Melting point/freezing point: Not applicable

Initial boiling point and boiling range: Not applicable

Flash point: Not applicable

Evaporation rate: Not applicable

Flammability (solid, gas): combustible, but not highly flammable

Upper/lower flammability or explosive limits: Not applicable

Vapor pressure: Not applicable

Vapor density: Not applicable

Relative density: 0.55 g/cu.cm.

Solubility (ies): Not soluble

SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES (continued)

Partition coefficient: n-octanol / water: Not applicable

Auto-ignition temperature: > 450 F

Decomposition temperature: Not established

Viscosity: Not applicable

SECTION 10 – STABILITY AND REACTIVITY

Reactivity: Product is not reactive

Chemical stability: Product is stable

Possibility of hazardous reactions: None likely

Conditions to avoid (e.g. static discharge, shock or vibration): None

SECTION 11 - TOXICOLOGICAL INFORMATION

Potential exposure routes: Skin and Eyes

Signs and symptoms of exposure: Repeated or prolonged exposure may cause tearing, reddening or irritation.

Acute animal toxicity data: None identified

Carcinogenicity: None identified

SECTION 12 - ECOLOGICAL INFORMATION

Ecotoxicity (aquatic and terrestrial, where available): No data available

Persistence and degradability: No data available

Bioaccumulative potential: No accumulation of chlorofluorocarbons.

Mobility in soil: Not applicable

Other adverse effects: None known

SECTION 13 - DISPOSAL CONSIDERATIONS

Responsibility for proper waste disposal is with the owner of the waste. Dispose of all waste product and containers in accordance with local, state, federal, and national regulations.

SECTION 14 - TRANSPORT INFORMATION

UN number:

UN proper shipping name:

Transport hazard class (es): Not a hazardous material in shipping.

Packing group, if applicable: Not applicable

Environmental hazards (e.g.: Marine pollutant (Yes/No)): No

Transportation in bulk: Not regulated

SECTION 15 - REGULATORY INFORMATION

Proposition 65 – No listed constituents. **CPSIA-** Conforms to lead and phthalate requirements.

REACH – No listed constituents **RCRA-** Waste is not a hazardous waste.

EPCRA/CERCLA - No listed constituents. No TRI reportable constituents.

SECTION 16 – OTHER INFORMATION

The information provided in this Safety Data Sheet is correct to best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
