**Care & Cleanability:**

Cleaning code **W** - Spot clean only with water based upholstery shampoo or foam upholstery cleaner. Pretest a small, inconspicuous area before proceeding. Do not over wet. Do not use solvents to spot clean. Cushion covers should not be removed and laundered. When cleaning a spill, blot immediately to remove the spilled material. Evenly clean the entire panel in a seam to seam fashion. Do not clean just the spots or stains. When an overall soiled condition has been reached and professional care is required, contact an IICRC certified firm ([www.iicrc.org](http://www.iicrc.org)).
